

2023-2024 Impact

- 7 early years practitioners trained
- 7 early years settings reached
- 32 children participated in IMM sessions
- 407 children have the opportunity to access music as part of their early years provision

It's been a space where the children can feel at ease and not have the pressure of needing to speak. They can grow at their own pace.

IMM Student, 2024

Our Friday sessions have given me a renewed confidence and reassurance about what and why we do what we do everyday.

IMM Student, 2024

The course has made me a bit more confident in myself as well as helping me see that I can make a difference.

IMM Student, 2024

One child barely spoke when they first started. By the last session, they sang a song all by themselves.

IMM Student, 2024

Incorporating IMM into our curriculum is a delightful and thoughtful way for children to develop essential social skills... they build a strong foundation for future learning

IMM Student, 2024

The children have really enjoyed gaining experience with instruments and working with their friends.

IMM Student, 2024

The teaching seminars have been the most comprehensive and well-taught I have attended, with a balance of theory, strategies, collaboration and challenge. Every week I learned something I was looking forward to take back and implement in nursery.

IMM Student, 2024

It's made me a better practitioner and made me love music even more.
