

International Partner Survey Report: Georgia

Georgia

Music as Therapy International has been working in Georgia since 2011. The past few years some of our Partners established the first Music Therapy Centre in Georgia and held their first Music Therapy conference.

Impact

4 different care settings are where our Georgian Partners who returned completed questionnaires work and use music.

289 vulnerable people have the opportunity to access the music sessions ran by our Georgian Partners who participated in the survey.

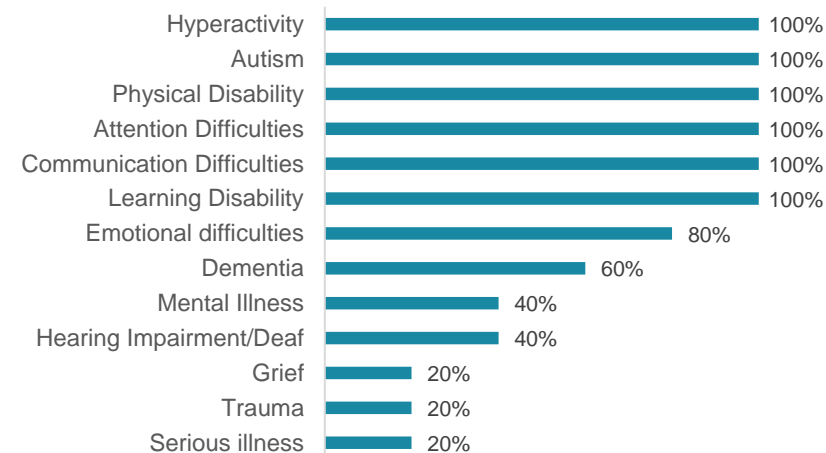

The vulnerable people our Partners work with

- Very Young Children (0-5 years)
- Young Children (6-12 years)
- Adolescents (13-19 years)
- Young Adults (20-25 years)
- Adults (26-65 years)

The pie chart to the left represents the age groups of the vulnerable people who participate in the music sessions ran by our Georgian Partners.

The bar chart on the right shows the percentage of our Georgian Partners who are using music with the wide-ranging vulnerable people who have the various difficulties.

Music sessions

100% of our Georgian Partners who returned a completed questionnaire are still using music.

Our Georgian Partners have indicated that their music sessions are such an important part of their work and their care settings' timetable as 60% of our Partners are running music sessions more than once a week and 40% are using music once a week.

100% of our Georgian Partners have shown colleagues how to use music and talk to colleagues or other people about using music.

The Venn diagram on the right displays the percentage of our Partners in Georgia who are either using music with individuals and/or in groups.
