Rwanda

Music as Therapy International has been working in Rwanda since 2009, and some of our Partners have become local trainers with an awarded recommended status by *Music as Therapy International*.

Impact

3 out of 5 care settings in Rwanda where *MasT* delivered Introductory Training project are where participants of the survey are using music.

447 vulnerable people have the opportunity to access the music sessions offered by our Rwanda Partners who participated in the survey.

The vulnerable people our Partners work with

- Very Young Children (0-5 years)
- Young Children (6-12 years)
- Adolescents (13-19 years)
- Young Adults (20-25 years)
- Adults (26-65 years)
- Older People (66 years +)

The pie chart to the left represents the age groups of the vulnerable people who participate in the music sessions ran by our Rwandan Partners.

The bar chart on the right shows the percentage of our Rwandan Partners who are using music with the wide-ranging vulnerable people who have the various difficulties.

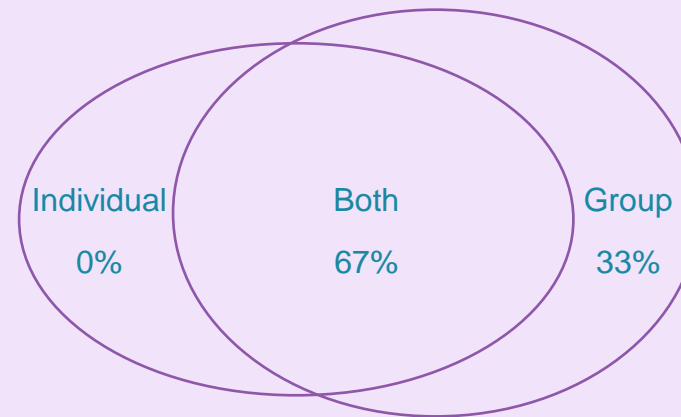

Music sessions

All of our Rwandan Partners who returned a completed questionnaire are still using music.

Music sessions are a very important part of our Rwandan Partners' work and their care settings' timetable. 67% of our Partners are running music sessions more than once a week and 33% are using music once a week.

100% of our Rwandan Partners have shown colleagues how to use music and talk to colleagues or other people about using music.

The Venn diagram on the right displays the percentage of our Partners in Rwanda who are either using music with individuals and/or in groups.
